OBJECTIVE

I am eager to apply my programming skills and knowledge gained from projects and coursework to contribute effectively to a dynamic team. Seeking an opportunity to learn and grow in a challenging environment where I can utilize programming, problem-solving abilities, and strong analytical skills to drive meaningful results.

EDUCATION

Bachelor of Engineering, Computer Engineering – (7.79 CGPA in GTU)	Jun 2020 — Jul 2024
SAL INSTITUTE OF TECHNOLOGY & ENGINEERING RESEARCH	
HSC in GSEB	Jun 2018 — Mar 2020
SAHJANAND VIDHYALAYA	

WORK EXPERIENCE

Web development, Qspider, CG Road, Ahmedabad
- During This internship I have learned about HTML-CSS, JS(Develop and maintain dynamic front-end features and functionalities), JAVA-Oops (participate in backend development, focusing on object-oriented programming concepts), Manual testing(learn a testing of web applications to identify and document bugs , SQL(All Statements learn and Work with databases to manage and manipulate data).

Software Development, ICLIQ Solutions, Nikol, Ahmedabad
- At that time I have learned MERN Stack development (RESTful APIs for data management, enhancing communication between the frontend and backend, integrated third-party services and APIs, including payment gateways and authentications services to expand applications functionality & database management) in W3 Schools.

PROJECTS

- In my Academic Era, I have completed 8+ projects & during internship era I have completed Crypto currency application in Mern technology Because… This project aims to provide a realistic and interactive virtual cryptocurrency trading experience for users. With this app, users can simulate buying and selling cryptocurrencies, track their portfolio performance, and learn about the dynamics of the cryptocurrency market. dishasangani21 (github.com)
- Furthermore, During my Bachelors degree I have self learned UI-UX designing course in figma. At that time, I have learned and completed to advance templates and basic Animations.

SKILLS

React JS	Express JS
Node JS	Mongo DB
SQL	UI/UX Designing (Figma)

PERSONAL SKILLS

- Possesses great analytical and problem-solving skills. Ability to think rationally and thoughtfully.
- A team player, good at working collaboratively with people in order to achieve a common goal.
- Have an ability to focus and pursue a goal or activity with ruthless drive.
- Adaptable to any situation. Can work in a dynamic and flexible environment.
